

# Data Warehouse Data Delivery Architecture

[www.avenuesinc.com](http://www.avenuesinc.com)

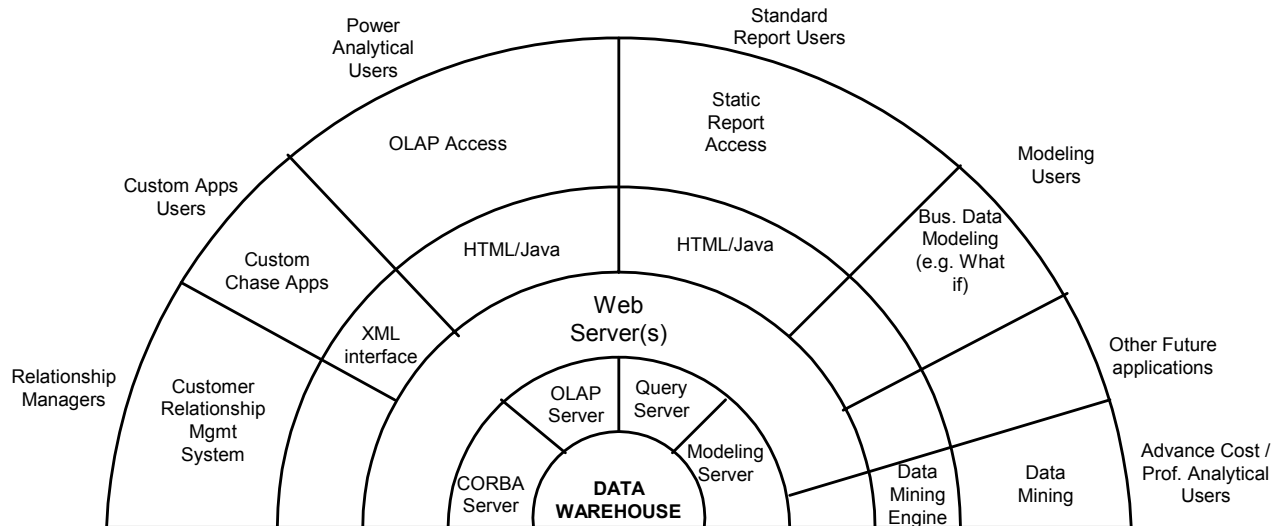

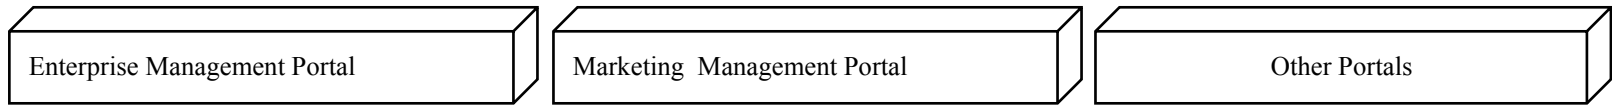

# Data Delivery - Architecture

## The Data Warehouse solution developed can be leveraged across:

- CRM Users
- Custom Applications Users
- Power Users- OLAP
- Standard Report Users
- Product Managers
- Marketing Managers

# Extensions and Opportunities - Information Ubiquity and Portals

**Through the core program, along with these extensions and opportunities, our goals are:**

- To provide a consistent and ubiquitous enterprise application layer.
- To leverage development in the area of portals, web applications, and the internet to further easy access, ubiquity, and customizability.
- To present a comprehensive suite of data, tools and services to encompass all aspects of Knowledge Management.

# Thank you
